Invitation letter for foreigners

There is no single model for invitation letters, but some items are necessary, such as: complete name of the applicant, nationality, purpose of the trip and intended period of stay, identification and contact information of the issuer, as well as of the organization or company responsible for the

invitation letter. The signature, if not issued digitally with the respective certification, must be notarized in Brazil, so that he or she may present it to the consular authority when applying for the visa.
